

JACQUELINE ORR, B.A.

GRAPHICS ARTIST

CURRENT EMPLOYMENT

Ruhl Forensic, Inc., since 2004

In-house graphics specialist involved in exhibit preparation and two and three dimensional modeling, animation and simulation. Uses knowledge of computer aided drafting (CAD) software and 3D animation packages to work with technical staff to create visual aids and demonstrative displays that visually portray technical concepts in easy to understand formats. Certified in the use of 3D Studio Max Animation and PhotoModeler software, with extensive experience in Adobe Creative Suite and third party video software. Uses multiple media formats to produce video and DVD exhibits including video capture and the development of composite videos from testing and demonstrative clips. Creates scale models of vehicles and construction equipment for use in deposition and trial.
